

MINUTES OF THE MEETING OF WOOTTON BRIDGE PARISH COUNCIL HELD ON
TUESDAY 18 OCTOBER 2016 AT 7.00 PM IN THE OLD SCHOOL, NEW ROAD, WOOTTON
BRIDGE.

Present: Stephen Porter - Vice Chairman
Councillors Barrie Hailstone, Pete Mundell, Daryll Pitcher, Barry Abraham, Linda Pitcher, and Barbara Port

Also present 2 Members of the Public
1 Member of the press
Liz Kingston - Parish Clerk

Items raised in the Open Forum:

A new CCTV camera has appeared near Tesco.

Councillor D Pitcher was asked his view on the Solent Deal. He is against it.

Councillor D Pitcher was asked about his vote against a xenophobia motion. He explained that that he was not happy with the wording of the motion as it was implying that people who voted for Brexit were xenophobic and racist and as he voted for Brexit he could not agree with this motion.

Overgrown foliage on the corner of High Street and Church Road.

Speeding along New Road especially the 10MPH stretch and that the police have suggested a metro count. The resident asked if the council would support a metro count.

1. APOLOGIES FOR ABSENCE

16/177. Apologies received from Councillor Giles and Councillor Morris as they are both on the mainland and Councillor Wolton as it is her birthday.

2. DECLARATIONS OF INTEREST

16/178. None

3. MINUTES OF THE MEETING HELD ON 20 SEPTEMBER 2016

16/179. Minutes of the Meeting held on 20 September 2016

RESOLVED – THAT THE MINUTES OF THE MEETING HELD ON 20 SEPTEMBER 2016 BE APPROVED AS A CORRECT RECORD AND SIGNED BY THE VICE CHAIRMAN.

4. TO RECEIVE CORRESPONDENCE AND CLERKS REPORT AND TO AGREE ANY ACTION TO BE TAKEN.

16/180. Council Tax Reduction Scheme Consultation

There is a consultation ongoing at the present time. This was emailed to all councillors. Several of the proposed changes are in line with the Housing Benefit proposal announced by the central government.

RESOLVED – THAT THE CLERK SHOULD RESPOND TO GILL JOLIFF THE SECRETARY AT IWALC WHO ARE DOING A SINGLE RESPONSE WITH THE FOLLOWING: THAT THE PARISH COUNCIL WOULD NOT LIKE TO SEE ANY CHANGES THAT COULD BE DETRIMENTAL TO THE VULNERABLE RESIDENTS OF WOOTTON BRIDGE

16/181. Defibrillator

The clerk has looked at defibrillators see Appendix A. The clerk is unsure on whether to obtain a semi-automatic or automatic machine and has sort guidance from the ambulance service. The clerk has also asked Councillor Abraham to send details of the scheme and defibrillator he uses at his camp site. The clerk will find out about the two schemes and report back to the Parish Council.

5. PLANNING APPLICATIONS.

To comment on the following applications:-

16/182. P/01228/16 TCP/32808

65 Station Road, Wootton Bridge

Demolition of greenhouses and outbuildings; proposed detached chalet bungalow; proposed parking/turning areas; reduction in height of front boundary wall.

RESOLVED – THAT THE PARISH COUNCIL HAVE NO OBJECTIONS TO PLANNING APPLICATION P/01228/16

16/183. Decisions made by the Isle of Wight Council

P/01091/16 – Approved – 10 Glendale Close, Wootton Bridge

16/184. Tree Preservation Orders

None

16/185. Appeal

None

6. MONTHLY REPORT OF ISLE OF WIGHT COUNCIL ISSUES AFFECTING THE VILLAGE

16/186. Report by local member.

Councillor D Pitcher provided a written report for the meeting, (appendix B). Issues raised included:

- The 20mph conference
- Yellow Lines
- New Road signage
- Phasing of traffic lights and police not recording the incident
- Solent Devolution Deal

7. HIGHWAY MATTERS

To discuss any outstanding Highway issues.

16/187. Councillor Hailstone stated a resident has complained about vans parked on the pavement in St Edmunds walk.

8. MATTERS RAISED BY COUNCILLORS

16/188. Councillor Mundell asked where the seat outside the Spar shop had gone.

Councillor Wolton asked the clerk to mention that the rugby club are starting their building works and Southern water are still dealing with the ongoing problems with sewage smells at the end of Church Road (see appendix C)

Councillor Hailstone mentioned brambles at the entrance to The Old School, Councillor Porter stated he would see about cutting them back.

9. IWALC REPORT

16/189.

Councillor Wolton provided a written report for the meeting, (appendix D). Issues raised included:

- Youth workshop
- 20's plenty conference
- Treasurer vacancy with IWALC
- NALC

VRM

10. ACCOUNTS.

16/190. To consider and approve the accounts for payment.

Members were presented with the accounts for payment for October.

RESOLVED – THAT THE ACCOUNTS FOR PAYMENT FOR OCTOBER TOTALLING £4897.59 A COPY OF WHICH FORMS APPENDIX E OF THESE MINUTES, BE PAID.

There being no further business to discuss the meeting closed at 8.16 p.m.

Signed K.R. Morris

Hi Liz

Thank you for getting in touch; it would be fantastic to have a Public Access Defibrillator (PAD) in Wootton. There are currently defibrillators at the rugby club (soon to be made a PAD), PGL Little Canada, Woodside Nursing Home, Kite Hill Nursing Home and the Island Cosmetic Clinic. The proposed location outside Tesco would be perfect as a visible and easily accessible site.

We currently supply the Cardiac Science G5 semi-automatic defibrillator (I believe that Louise has explained the difference between semi and fully automatic) as follows.

AED and Training Package £1165.00 inc vat which includes:

- Cardiac Science G5 Automated External Defibrillator
- carry case
- battery
- two sets of pads
- rescue ready kit
- 8 year warranty
- AED manual
- signage
- one training session for up to 12 people (either on-site or at our training centre in Newport) and follow up support as required

We are also able to provide an all weather external AED cabinet either **unlocked (£475.00)** or with a numeric keypad **lock (£535.00)** as part of a package. The box needs to be wired in to an electricity supply (you'll need to find a friendly electrician for this part) as there is a heating element inside to keep the defibrillator at an ambient temperature during cold weather. This prolongs the life of the AED battery. The IW Ambulance Service are promoting the use of unlocked boxes on the Island however, we appreciate that as the AED will be privately owned you may wish to install a locked box. Should this be the case, then the numerical code will be kept with our 999 call handlers who can then pass it on to the caller in the event of an emergency.

Ongoing costs will include replacing pads which have a two year shelf life and the battery which should last approximately four years. Currently, the pads are £27.50 per set, but as the G5 is a new model we haven't had need to replace any batteries as yet; I would expect for it to be in the region of £150-£200 though. If you place the AED in an outside box, then the electricity used should only be around £4 per year (depending on how cold the winter is).

I've attached a copy of our booking form; should you wish to go ahead please could you complete and return the form to me (by email is fine). I'll then place the order with our suppliers and contact you once it's arrived to arrange collection/delivery and an convenient training date if required.

I hope I've covered everything here Liz, but if you do have any further questions please do not hesitate to contact me.

Linda Richter
ATCoRS Administrator
Tel. (01983) 534111

Due to high demand the training/event dates offered can only be held for two weeks from the date of this email unless otherwise specified. To avoid disappointment please confirm the date(s) you require at your earliest convenience, by returning a completed booking form.

Prices quoted are valid for 28 days and include VAT.

Hi Louise

Wootton Parish Council is looking to source a defibrillator which will be accessible by the public 24 hours a day. It is hopefully going to be positioned at Tesco.

I am not sure what I should be looking at , semi-automatic or fully automatic.

If you can offer any guidance I would be very grateful.

Thanks

Liz

Report from the Local Member October 2016

I attended the 20mph Conference at the Riverside Centre. It was a very interesting day made more interesting when Island Roads (Kevin Burton) were contradicted by Rod King from 20s Plenty. It became clear to all the Isle of Wight Councillors present who are in favour of 20mph limits in residential areas that the way forward was to force the IW Council to adopt 20mph residential areas as its policy. However there was some disagreement on what a residential area actually was. As a result there is a Motion going to Full Council this week calling on the Executive to introduce such a policy and to make the allowance for the introductory costs in then 2017/18 IW Council budget. Funding such schemes can be done in a number of ways as, for instance, the Public Health budget can be used as lower speeds lead to safer streets and a better quality of life. I will be supporting this Motion which has been written by Cllr Julie Jones-Evans. I also anticipate support from Cllr Geoff Lumley who was also at the Conference. If we can get the policy adopted by the IW Council it will make it much easier for us here in Wootton to deal with the issues on our streets that we have all been concerned about for so long.

I have been chasing Anthony Cooke and Gary Stretch with regard to the Wootton Bridge Traffic Order (Yellow Lines). I have still not heard back on when the Public Consultation is likely to start.

The 30 mph sign at the end of New Road has finally been removed. Whether or not Cllr Hailstones conversation with Bill Murphy at the 20mph conference had anything to do with it I cannot tell, however the sign was removed very quickly afterwards!

A very distressing incident happened recently at the lights by the Cedars. A child was crossing the road using the crossing (green man showing) when a car came round the corner and nearly hit them. There seems to be a problem with the phasing of the lights and I am looking in to getting this changed. More worryingly when I advised the parent to report the incident to the Police (for statistical record keeping purposes) the Police refused to take the report or note the incident as although there was a description of the vehicle there was no number plate details. This is not the first time I have heard this and I find it very concerning. The IW Council rely on the Police records when determining if there are problems on the highway network. If the statistics are not being recorded properly we have no chance of keeping people safe, besides which refusing to take down details is in my view a breach of public trust. This is something I will be following up on most vigorously.

Full Council this week will deal with several issues that are of significance Island wide. Firstly there is the Solent Devolution Deal Governance arrangements that have been out for public consultation recently. My own feelings are that far from being a Devolution Deal this is in fact a Regionalisation Deal and is therefore not in the best interests of the Island. Secondly there is a new medium term budget strategy. This aims to smooth out the financial problems of the Council by restructuring debts and finding potential future funding streams. I am generally in favour of this as it will make the cuts next year less harsh than they otherwise would be and so will protect service provision within the Council.

Issues raised by Councillors

Wootton Recreation Ground

Received from local resident

The Rugby Club will be using part of the rec car park for storage, it is not known what storage this includes and if it is of a hazardous nature.

The current work will require vehicles to cross the rec and a map has been issued detailing the area and the speed vehicles should be going 5mph and that hazard lights should be on.

There are no notices of this when entering the car park as yet.

Church Road Sewage Smell

Following ongoing problems of sewage smell, Southern Water will be creating a vent pipe 500m from the end of Church road in a field to help prevent smell.

Local residents are still awaiting answers to questions regarding requirements issued by Southern Water to Darwins prior to the commencement of work which do not appear to have been recorded as completed.

Also there is an outstanding question regarding the Sewage from PGL and its route.
